visited from west coast last Wed 9/13,around noon GH was patched up, (damn), but stuck around and had a guy follow me into a booth, he was doing me, when the glass window bekoned, and another hot man appear ed, he came over and face fucked me while the other guy sucked me...HOT! Came back that evening, after a few beers, and a very hot (trucker?)played eye contact with me for a while, and finally entered my booth, and wanted to face fuck me...OK, way good. Later when leaving, I found that the lot and turnpike from one light to the next and back was an active cruising circle. couldn't believe how much actio n that place was getting. Highly reccomended!

scotty when you go into the arcade, turn right to the end then turn left. All the way down on the left...the last 2 booths on the left have a GH between them.

As any cruising spot you have your good and bad days. I've been when some unprefered guys are there and I have been when 3 great guys have come into my booth to play within the hour. It's luck of the draw but this is still a great place and centrally located. It's amazing how many guys come in here to get off. There always seem s to be more guys wanting to suck to then to be sucked. Would like to see more fem young guys who are shaven show up in my booth for some fun. Where are you dudes?

can anyone tell me how late sunday afternoons are? which booth should I go in to get the most acti on looking to suck some cock so looking for the one with the glory hole? How is management if my wife wanted to come in with me?

comments from [ctcple](#)  8/23/2006 2:30:06 PM [Report to a moderator](#)

I have been here quite a few times and I usually go into the 3rd booth from the end so I can see t he action in the next booth that has a glory hole and J/o. But every few minutes someone tugs on the door trying to get in. The place is really full of aggressive older guys. There is only that one GH as far as I know. Wish there was a n easier way to watch the action here.

Is there something going on here? I noticed new signs warnng aagainst two in a booth, loitering, etc. Also, seems that they sped up the clocks so you need to feed the machine faster. With the recent prostitution busts in Meriden, should we be worried?

I had the same thing happen to me. Two guys just opened the door and then left. Guys if the red li ght is on there is a guy in the booth. If you want to join me come on in and lets have some fun.

I know of only one gloryhole - on the righthand hallway, last booth on the left.  Yesterday I went looking for relief from aBIG built up load... around lunchtime. It was busy enoug h, and I went into one of the larger booths on the left, hoping I'd be joined by somebody... or at least put on a show th ru the glass. No less than 3 guys came and opened my unlocked door... AND THEN JUST STOOD THERE. I stroked for them, and even when I asked "want to suck me" THEY STOOD THERE WITH THE DOOR OPEN. Hey, guys ... good way to create trouble, along with blocking me from anybody who actually WANTS to suck dick.

I will be there at 2:30 today, hopefully in the 3rd large booth on the far right, waiting for nice cocks to suck off.			
<a href="#">comments from codyboy</a>   		6/16/2006 1:45:33 PM	<a href="#">Report to a moderator</a>
Another problem with this place is the manager, a real troll, bad attitude, distinctly unfriendly, yelling at guys to get into a booth. He's a real shit; should be put out to pasture. Most of the younger clerks seem OK. Of co urse, that's how they make their money, guys feeding bills into the slots. Hit or miss place; I've had some really great times there, but then a lot of times seems like guys with attitudes.			
<a href="#">comments from Drillbit</a>  		6/16/2006 1:00:55 PM	<a href="#">Report to a moderator</a>
I agree too many old trolls but u can get lucky at times. Like last evening met a guy in his 20's great body vgl first he sucked my cock, then we made out and then he fucked my tight ass			
<a href="#">comments from bimayo</a>   		6/14/2006 5:57:14 PM	<a href="#">Report to a moderator</a>

I also agree that the older trolls are annoying and has kept me away. Every time I stop in, it's the same thing. A few old guys pacing the halls, as soon as anyone under 70 appears they beat each other silly yanking on your door. I may not be 25, but I'd prefer people in the 20-50 range, and someone under 250 lbs and who prefers to bath! I'm not trying to sound nasty, but unless the ABS scene starts to police itself and make itself more attractive, too many guys who are bi or bi-curious and might like to explore will be turned away...and that is a lost opportunity for us all.

This place is hit or miss, lots of regulars who seem to have the you are on my turf mentality. I've seen a couple hot guys. One guy in particular left his door unlocked for me, before I could get to it there was a mad rush by some older guys, the guy just ended up locking his door. Its ashame, this behavior just makes me want to meet people online. Its crazy how many guys "are generous" or so persistent that you just end up leaving.....

On 6/5/06, I believe i saw the same "couple". I was in the next booth naked, shaved and stroking my 8, watching her give amazing head to this guy. After a while she signaled me over. She gave me a great blow job and she fucked both of us. I do not know what to make of this, they were obviously not a real couple. I thought she might ask for money, but she did not. Maybe he paid her for this action up front, or maybe they are just big time freaks. But please be aware, she will give it up to you if she likes what she sees.

Lots of booths, I didn't see any gloryholes but I didn't look in every booth, 3 large booths, only once did management come back and bark "everybody in a booth, no standing around." Lots of traffic here, but lot of "regulars", too.

But, instead a guy inserts his big black cock through the hole and it was so beautiful, I couldnt resist and dropped to my knees and was sucking away. So, big, and thick, and warm. Mmm. Thank you for unloading in my mouth you stud.

I went there Friday and sucked the most beautiful black cock I had seen in a long time while being watched by two guys thru the window in the other booth, both with nice cocks. I wished I could fuck the black guy, but I sucked him, his cum tasted great, but I took most of it on my face and chest. Two guys from the other booth came over and jerked off on me, and another came in to see that and let me jack him off. This place is hit or miss for any thing kinky or wild. Usually just guys who into to giving or receiving blowjobs.

On the right, there are two oversized booths joined by a large window that can be mutually cleared. These are popular for guys looking to hook up. You can hook up with someone from the other booth or invite in someone who opens your door. There is not always a lot of action, but my hottest time there I serviced three guys at once while two guys in the oher booth watched. After three mouthfulls of cum and cum splattered over my face and upper torso, the two guys came over and jerked off in my face.

This is hit&miss. Buddybooths need people in both booths to hit a button to defog the glass. A while ago there some hassling clerks, but lately I've been able to get a load off (and, happily, my ass licked) without too many problems. Crowd can be a little older, but a few weeks ago some young bald hispanic fem-boy with a pierced tongue went crazy on my cock and balls and enjoyed the face-fucking I gave him. Woohoo!

Would anyone like me to come over dressed like my cumslut TV self? I would love some creamy loads and a big cock or two up my smooth, tight ass....gets my panties wet just thinking about it.

There is one on the left side as you walk in that has not worked for a while. Ali others appear to be working. And yes the troll guy is a pain in the ass!

This is a hot place. Weekdays, weeknights, afternoons, whenever.  
Except when the little sawed-off troll is there that is. Don't let him catch you even standing aro und or he'll bitch you out. Other than that, the other workers are cool. You can glory-hole if you are into standing knee-deep in other peoples filth inside the booth. Or you can buddy-booth with someone and show your cock. OR you can go into a booth with someone and fuck an ass. There are some goddamn ugly regulars who act like they could get any cock they want but oftentimes leave without having undone their zipper. Especially that fat humpty-dumpty looking regular who ought to just give up on it.
