I used to frequent this bookstore for years. Back when it was a quarter of the size and only had one entrance in the front of the building (late 80's). There were only 4 booths in the back. Had some hot times there. The clerk used to lock the store and lay me down for some awesome head. Shit, he could suck some cock! He also introduced me to poppers. He would pop a new bottle everytime we hooked up, about twice a week. I also ran into a few lesbians in the place. They would go into the booths drop trou and rub one out. I got a great show thru the peepholes and gloryholes.

Visited the place a few weeks ago. The bandana dude was there and seem to capitalize the backroom. Everyone ran out when he came in. Bummer

you men are funny wondering why the management allows Bandana Johnny to hang around and "lose revenue" for the business, because customers are leaving.LOL. Most porn stores are used to launder money from other illegal businesses (usually drugs)and are owned by people involved in organized crime. If no one ever came in they will make money from laundering many thousands a week. Did it also ever occur to you that Bandana Johnny might be the owner or part owner of this business, or possibly friends of the owner

I've been going to this place on and off for years and had never met this fellow until one day last week. At least I think that it was him. A rather fat, unwashed, late 50s looking individual. . .probably uncut with an entirely new brand of cheese growing under the hood, and a nasty, unwashed, brownish bandana sticking out from under an equally dirty baseball cap? If it was him, he followed me out to my truck and tried to convince me to return to the store with him. Ich!

Went this afternoon and the booths were rocking, lots of fun...then...like a sewer overflowed Bandana Johnny walked in.The store emptied like the plague had entered. It sickens me to see that shit ball greeted by the help like he is something special. As a business man, I will never understand why the management tolerates this guy. How they accept the instant fleeing of all revenue in the place. I can back a couple of hours later while later, he was still there. Hours without depositing a dollar. I mean how many guys can you do? Its disgusting, it's a health hazard, it makes a high class adult store into a sleazy shit hole, yet this guy is treated like a king. I dont get it and by the looks of others pissed off by the constant, repeated doorknob rattling, they feel the same. I hope 2007 brings us the banning of Bandana Johnny and the return of the clean normal paying customer. Does anyone else have comments on this turd? anybody else?

I've always had great luck here, and the infamous bandanna johnny never found me. BUT, today, I had this large beared guy, who stunk to high heaven. Tiny cock and balls too! LOL. Needless to say, never got my nut off, nor anyone for that matter, I just got the hell out and took a shower.

It won't stop me in the future, but I know one guy who's not welcome.

i go there and do the work and would like it if the guys would pay for the booth at least.

 isucked this guys cock for half an hr and kept puuting money in the slot.

I wouldn't mind if i got payed by t he johns but this guy still hadent busted a nut and his cock was awesome, i beged him to fuck me, but he just wanted his cock sucked. he had a string around hiis nuts that made them swell, it must have helped him hold back the load also because i worked that cock and nothing but lock jaw. :-o

BOYCOTTE NK
I think the only way we are going to get the management to do something about banda na johnny is to boycottte this facility. Dirty, Gross, Rude, Annoying...Last week I saw him try to rip down a door to get into a locked booth. Key word, "locked".
Last weekend he must have spent 20 hours there over 2 days...disgust ing...
I hope we can band together on this.

Bandana Johnny gets worse and worse and scummier than ever Last week he actually was knocking on t he doors, thats have the locks withstood his constant jungling.. There were 2 guys outside that actually warn ed me on my way in
The thing that really annoys people is that the management knows about it, allows this piece of s..t to disrupt a nice place and chase patrons out and NEVER PAY A SINGLE DOLLAR. They allow this to go on four hour after hour. He even bragged once that he had been there sucking cock for 8 hours one Sunday. Good business huh ??? Does anyone have a theory why the management allows this guy to ruin a nice atmosphere? How do they thi nk this guy enhances their revenue stream? share your thoughts

The Scum is worse than ever. They have completely killed any reason to go there. What really pisses me off is that these guys hang out there for HOURS, never SPENDING cent! They do this in agreement with the management and workers. Do they think having Bandana Scum Bag disgust every pat ron is a good marketing tool? Now even worse, are the two girl freak show working there. They just love Joh nny and his band			

of crap. Even worse are their fellow freaks that like to stop in and play. Its just so business li ke to listen to them yelling, running around the store and being wierd. Guess im not PC

Scumbag Bandana Johnny and his harmless little, squeaky talking munchkin friend still haunt the pl ace! This dude has got to be run out! He make my dick soft just knowing he's the one rattling the doorknob! Should we complain to the manager? Otherwise this spot rarely disapoints. No glory holes but it's usually pretty easy to get what you want. Hey lanri, I'd luv2 watch or hook up with you and your wife there. Let me know when you'll be there.

worse then ever bandana johnny has some new friends to hang out with, rattle the door knobs and ju st be a pain. The other day, i couldn t even get by in the hall with this jerk standing there hoping to be touched. I can't believe they let this guy stay there for HOUR after HOUR, loitering and not putting in \$\$\$\$. My wife refuses to go there now. During the week you need to deal with the old man with the cap and glasses. At least he isnt rude and ignorant and dirty like Johnny. Maybe 2006 will see him get tossed permanately. Where is the new store in Richmond going to be? Wi ll there be couples booths? any one know?
