Capital Video's Magazine Rack: Bondage, Racism and More

The following images are from magazines purchased in September 2006 at the Capital Video porn shop in Wethersfield, CT. The shop is called Amazing.net. Capital Video is proposing to open a porn shop at 135 King Street in Northampton, MA.

We have cropped out the genitalia, but many readers will still find these images and text disturbing. **This material should only be viewed by someone who is over 18 years of age.** Some of the language is explicit. After the bondage and racist images, the last few selections (all text) are from magazines called Family Fantasy and Family Talk, which feature stories of incest.

We are not asking for the government to censor this material, but we do appeal to Barry and Annette Goldberg of Longmeadow, MA to reconsider profiting from publications like these in Northampton. The Goldbergs own property at 135 King Street and are in the process of leasing it to Capital Video. See NoPornNorthampton.org for information about how to contact the Goldbergs, and other actions you can take.

ONCE A Slave...

Because this babe has a submissive personality and a heart-shaped behind, she makes the perfect slave. Be that as it may, she got the notion into her pretty head that she wanted to play dom.

Well, her man quickly disabused her of the idea that she could dominate him. He got rough, took away her leather paddle, threw her onto the bed and tied her into a series of strict positions.

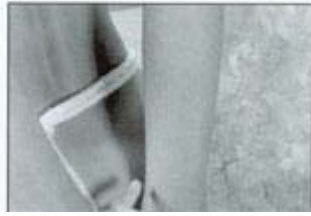

*Her Master has told her,
"Don't you dare move."
She's finding that immobility
is in itself a form of torture.*

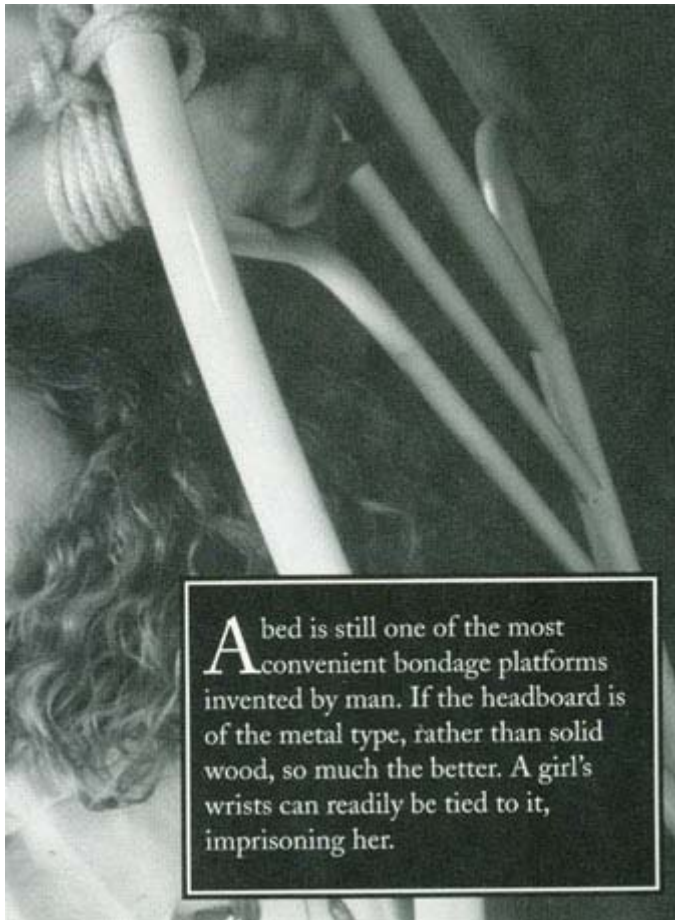

*Because her
body is
beginning to ache,
she writhes on the
carpet. It makes
watching her even
more arousing.*

The look in her eyes tells us that she would like this bondage session to end pretty soon. Forget it, girl!

If it's a good job of restraint, the viewer's eye goes from one exciting detail to another. It's like seeing a great oil painting.

A bed is still one of the most convenient bondage platforms invented by man. If the headboard is of the metal type, rather than solid wood, so much the better. A girl's wrists can readily be tied to it, imprisoning her.

firmed the shameful fact that her panties were on full view before her boss's eyes. "Oh this is just dreadful! Pull my dress down this instant! Oh what a beastly way to treat a woman!"

Rex carefully pulled her green dress back completely to her waist and then pulled her lacy white slip back over it, leaving her well-filled black panties on full display. The discipline-minded employer found himself with a pulsating erection as he stared avidly at the enticing combination of full, rotund feminine buttocks attired in black lace panties, and- smooth shapely legs enhanced by sheer black nylon stockings anchored firmly in place by an expansive black garterbelt. His roaming eyes took

in every delectable curve before his hand reached inside the elastic waistband of her panties!

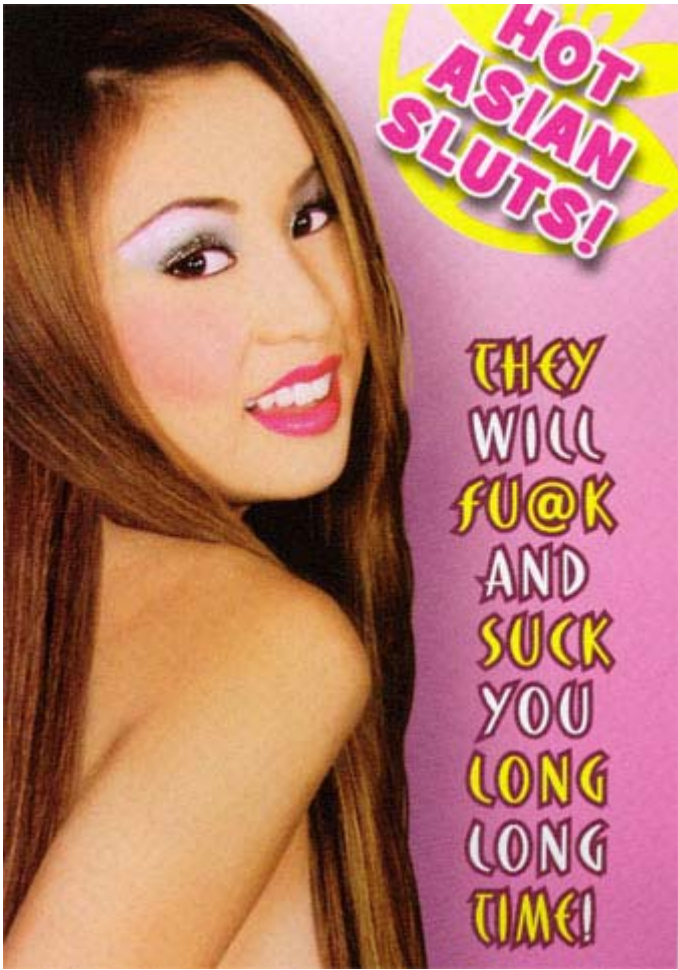

"Ooooooh!" Mildred shrieked at the top of her lungs when she realized what he planned to do. What a horrible thought! Her stockings legs lashed backward and she frantically tried to preserve what was left of her modesty. "Don't you dare! You fiend! Oh my God, this is terrible! Stop! Oh how awful!"

With the shapely divorcee twisting like a snake and frantically protesting the indignity he was inflicting on her, Rex proceeded to peel her black panties down, rolling them down slowly to make it all the more interesting. Slowly, her breathcatch-

BY DAVID HYDEN

I'm a forty-year-old college professor who's always had a hang-up about my beautiful daughter, Shelby. To put it as plainly (and crudely) as I can, I've always wanted to fuck my only child. I've been divorced for ten years. When Shelby hit her teens and her tits and hips filled out, our Sunday visits became a test of my willpower not to touch her in an unfatherly fashion. Finally, ashamed, I left town and didn't contact her again.

When she appeared in my college creative writing class one day, with a fake last name, I couldn't take my eyes off her. She was twenty-and

THE ULTIMATE SIXTY-NINE

WHEN IT CAME TO SEX, MY NIECE WAS DEFINITELY NOT AN INEXPERIENCED LITTLE GIRL. NOT ONLY DID SHE TAKE MY COCK AND LET ME FUCK HER FROM BEHIND, THE EIGHTEEN-YEAR-OLD CONTINUED TO EAT MY WIFE'S PUSSY WHILE HUMPING HER BODY FOR HER FUCKING UNCLE.

BY VICTOR MAYWOOD

As I sat at the dining table of our motor home, I looked over at my wife. She was standing a few feet away wearing cutoffs and her bathing suit top. Pat looked good, damn good! Fucking her sounded like a terrific idea. As the hot-looking babe moved towards me, I reached down and squeezed the hard-on caused by my wife's magnificent body. Oh, yeah! Fucking Pat was definitely a good idea. Then I remembered—we weren't alone.

"Where's Denise?" I asked about my sister's daughter, a young fox who was staying with us for the weeklong camping trip. My wife said Denise was swimming, and then moved closer to her horny husband, a fatal mistake by the luscious bride.

"Let's fuck then!"

"And have your niece walk in on us?!"
