

## **3 Suggestions for Improving Apremont Triangle**

1. Pass viewing booth health regulations, including removing the doors from the booths.
2. Shut down the Springfield Amazing.net porn shop as a public nuisance. Evidence suggests that it is a locus of crime and prostitution, and repels sought-after businesses.
3. Pass improved adult-use zoning regulations for Springfield, to put a reasonable distance between adult enterprises and homes, schools, and houses of worship.

Apremont Triangle is ready for revitalization, but it needs your help. Please help us balance the rights of adult enterprises with the desire of residents to live in safe, prosperous neighborhoods.
